13th	3	30+	200+	1,500+
Consecutive edition	Days, 25-27 Nov	Sessions over three days	Speakers on the draft agenda	Expected attendees

ABOUT ICCC

The International Conference on Cyberlaw, Cybercrime & Cybersecurity (ICCC) is a leading international conference at the intersection of law, technology, security and society. Held every year without interruption since 2014, ICCC has consistently anticipated technological inflection points and addressed their legal, policy and civilizational consequences ahead of mainstream regulatory discourse: from early internet law and cyber offences, through mobile, social media, cloud and big data, to Artificial Intelligence and autonomous systems today.

Organised under the leadership of Dr. Pavan Duggal, Senior Advocate, Supreme Court of India, ICCC brings together jurists, policymakers, regulators, technologists, law enforcement agencies, corporations and academia. Each edition produces an Outcome Document adopted by delegates and shared with governments. Past editions have been addressed by sitting and retired Judges of the Supreme Court of India, India's National Cyber Security Coordinators and Secretaries to the Government of India.

ICCC 2026: THE YEAR OF AGENTIC AI

ICCC 2026 is convened at a time when Artificial Intelligence has moved from assistive systems to agentic systems capable of autonomous reasoning, planning and execution. The 2026 edition places Agentic AI at the centre of its inquiry and examines how it is reshaping legal systems and regulatory architectures, cybercrime and enforcement, corporate governance and compliance, and national sovereignty.

PROGRAMME AT A GLANCE

Day 1: Wednesday, 25 November 2026 (Online, 14:00-18:00 IST)

International Agentic AI Accountability and Liability Summit 2026: a half-day online working session on one question: when an AI agent acts, who answers, on what record, and under what law. Three sessions (Who answers; On what record; Under what law), with international legal experts and industry leaders. A separate Summit brochure is enclosed.

Day 2: Thursday, 26 November 2026 (09:00-17:45, four parallel venues)

Inaugural Session, followed by the Opening Plenary "The Cyber Law & AI Law Landscape and Emerging Trends in 2026" by Dr. Pavan Duggal. Then four parallel tracks:

Plenary halls (Hall A and Hall B)	Corporate roundtables (Roundtable 1 and 2)
Agentic AI and its Systemic Impact on the AI Ecosystem	Cybersecurity Governance and Incident Response Frameworks
Digital Sovereignty and AI Sovereignty: National Strategic Autonomy	Intellectual Property Rights in the AI Ecosystem
Data Protection and Compliance under the DPDP Act	Reasonable Security Safeguards for Data Fiduciaries and Preparing the Workforce for AI
Data Protection and Compliance in the AI Age: India and the World	The Erosion of Privacy in an Agentic AI Era and the Right to be Forgotten
AI Accountability and Responsibility Gaps; Rogue AI: Human Command and Guardrails	Legal Liabilities in the Data Protection and AI Age
Regulation of Cybersecurity Breaches in the AI Age (CISO Session)	The Global South's Rise in the Age of Agentic AI and AI Diplomacy

Enterprise Technology Leadership in the Autonomous Era (CIO Session) AI and the Workforce: HR Leadership in the Autonomous Era Blockchain, IoT, Metaverse and Emerging Governance Challenges Sector-Specific AI Risk: Health and Pharma Shaping Education in the Age of AI: Vice-Chancellors and Institution Heads; Educators Sessions I and II	Sector-Specific AI Risk: BFSI and Fintech AI-Enabled Cybercrime and AI-Driven Crimes AI and Women **Two sponsor-led sessions**

Day 3: Friday, 27 November 2026 (09:30-14:30, two venues)

Transformation of the Legal Ecosystem through AI; Shaping Education in the Age of AI: Educators Session III; Quantum Computing and AI as a Combined Disruptive Force; Civilizational Challenges Posed by AI, Knowledge Sovereignty and AI Psychology; AI, Media, Content and Misinformation; Startups and Emerging Technologies: Building Responsibly in the Agentic Era; a sponsor-led session. The Conference closes with the Valedictory Session in Hall A and the adoption of the ICCC 2026 Outcome Document.

All sessions are 60 minutes. The full draft agenda with speakers is enclosed.

Speakers as on the draft agenda of 4 November 2026, subject to final confirmation.

WHO YOU WILL MEET

- **Government and regulators:** Central and State Ministries, law enforcement agencies and sectoral regulators
- **The legal ecosystem:** Judges, Senior Advocates, General Counsel and in-house counsel
- **Enterprise decision makers:** CISOs, CTOs, CIOs, CHROs, risk officers and board directors
- **Academia and international participants:** Vice-Chancellors, IIM Directors, institution heads, think tanks and international delegates

PARTNERING WITH ICCC 2026

Sponsorship places your organisation at the centre of the conversation on Agentic AI, liability and governance, in front of the people who decide it. Partnership options include:

- **Platinum:** exclusive 30 minute keynote in the prime morning slot; 60 minute branded workshop; nominated panel speaker; acknowledgement in the ICCC 2026 Outcome Document; curated one-on-one meetings with government officials and C-suite delegates; 8 full-access delegate passes; "Presented by" credit, hero logo, stage and venue branding, exhibition booth.
- **Gold:** 60 minute branded workshop, nominated panel speaker, 15 minute plenary speaking slot, Outcome Document acknowledgement, 6 delegate passes and curated one-on-one meetings.
- **Silver and Bronze:** speaking slot, exhibition booth and brand visibility.
- **Sponsor-led session:** a dedicated 60 minute session in the conference programme, run under the sponsor's own topic, format and speakers. Sessions are reserved on 26 and 27 November.
- **Executive Roundtable**: a closed-door session "Presented by" your organisation with 20 to 25 senior delegates, which your team may lead or moderate.
- **Targeted sponsorships:** a thematic track, the Gala Dinner or the conference app, with pricing on request; combinations with a tier package can be structured.
- **Summit partnership:** Principal, Associate and Supporting Partner places for the 25 November online Summit (see the Summit brochure).

Final deliverables are confirmed in a Sponsorship Agreement. Full details are in the Sponsorship Prospectus.
